Award History

More than 100 years ago, Mary Harriman, founder of the Junior League Movement and public service pioneer, recognized the need for a new model of leadership – one that emphasized collaboration over competition. She transformed the way women of her generation and class viewed their obligation to society, and she played a pivotal role as a social connector.

The Junior League of Shreveport-Bossier's Sustainer of the Year Award celebrates a woman of outstanding leadership in the Junior League who has used her talents and resources to improve the social and economic conditions of others and who exemplifies The Junior League Mission and Vision. She has made a positive impact in her League and her community, and her volunteer work continues in the tradition of Mary Harriman. This Award provides a contemporary link to our founder's sense of social responsibility as well as her ability to encourage others to share their talents through effective volunteer service.
